

TOPSoccer

The Outreach Program for Soccer is a community-based training and team placement program for young athletes with disabilities. The program is designed to bring the enjoyment of learning and playing soccer to boys and girls with disabilities.

Beginning this fall, players four years old and older will have the opportunity to learn and play soccer at their own level. Players will be grouped based on size, ability level, and age and includes those with wheelchairs, walkers, and other assistive devices.

The Program combines the mission of Virginia Legacy (To provide fun, dynamic, and inspiring soccer experiences for youth players of all ages and ability levels) & The Arc of Greater Williamsburg (to improve the quality of life for people with intellectual and developmental disabilities through community activities and advocacy) so that every child gets the opportunity to experience the joy of playing soccer.
